

Gillett Electrical

BUSINESS PROFILE 2018

Your maintenance specialist offering advanced capability
across electrical, communication, automation and refrigeration

www.gillett.com.au

Welcome to Gillett

Under new leadership Gillett is evolving to capitalise on a range of diverse project outcomes to deliver comprehensive services for Sunshine Coast organisations.

Driving the new era of Gillett is Rodney Duck.

Rodney holds qualifications as a:

- Aircraft electrical engineer
- A Grade Electrician
- Licenced Electrician
- Electrical Contractor
- Communications Technician.

With more than three decades diverse experience across remote, regional and urban Australia, Rodney and his team will be extending this knowledge to the service industry and looking to add to the existing portfolio of state and local Government contracts held by Gillett.

Gillett is ideally qualified and situated to provide the services required, with expert management and a team to trust.

Gillett is proud to offer an extensive range of services including resort, multistorey and complex maintenance, support for shopping complexes, commercial or industrial facilities, educational facilities and government agencies.

Our focus is on delivering service excellence and quality workmanship.

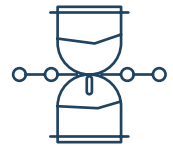

We deliver timely and cost effective solutions well beyond the industry standard, and have significant experience in managing multi-partner projects for clients under very complex circumstances.

We look forward to discussing your needs and how Gillett can support you.

About Gillett

Gillett supports other Sunshine Coast businesses and individuals through a diverse range of electrical services.

Agile, Innovative and Customer-Focused

Gillett Electrical has been established on the Sunshine Coast since 1969. Over this time it has a proven track record in many facets of the industry and has now grown to include communications and automation contracting, as well as air conditioning installation and service, in addition to its original beginning as an electrical contracting company.

Situated in Moffat Beach Business Park we are centrally located to service customers in all areas of the Sunshine Coast and surrounding localities.

The ability to diversify to meet the ever changing climate of the region and the modern world as we know it has made Gillett the business that it is today. Whether it's the maintenance of a shopping complex, multi-story apartments, commercial office buildings or government facilities, Gillett is ideally qualified and situated to provide the services required, with expert management and a team to trust.

Gillett Vision:

Our vision has nothing to do with transactions, pushing products or getting bigger for the sake of bigness. It's about building lifelong relationships one customer at a time.
